DETAILED ACTION

Continued Examination Under 37 C.F.R. §1.114

1. A request for continued examination ("RCE") under 37 C.F.R. §1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 C.F.R. §1.114, and the fee set forth in 37 C.F.R. §1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 C.F.R. §1.114.

Acknowledgements

2. In accordance with the RCE noted above, Applicant's amendment filed April 30, 2004 is acknowledged. Accordingly, claim 63 remains pending and is now allowed.

Reasons for Allowance

3. The following is an Examiner's statement of reasons for allowance:

4. The primary references of record (Klots et. al. (U.S. 6,622,127 B1 ("Klots") and Peapod I) discloses as previously discussed. However neither Klots nor Peapod 1 disclose the claimed combination of dispatching a vehicle to a transfer point between the warehouse and the delivery destination, transferring the tote from the first vehicle to the second vehicle. While the references do teach an expandable bag, they do not teach first and second openings with first and second locks wherein the customer opens the second lock on the second opening to gain access therein to the tote stored in combination with storing the expandable bag. In other words, a combination of these and the other recited features was not reasonably found in the prior art.
